

# Ballymeade Country Club

## 2009 Junior Golf Camp

The Ballymeade Junior Golf Camp is a professionally managed instructional program designed to teach your child the fundamentals of Golf in a fun, educational format at one of the premiere golf facilities on Cape Cod. The classes will be held as two, one week sessions, in July and August.

The instructional groups will be divided by age and ability. Instruction will be held at the Ballymeade Practice Facility and the number of participants per class is limited. **Juniors must supply their own clubs.** For advice on purchasing or outfitting your child, please see our Golf Professional, Craig Garris.
